PROJECT RELATED RISKS AND INTERNAL TO THE COMPANY

- 1) *The objects of the Issue for which funds are being raised have not been appraised by any bank or financial institution. The deployment of funds in the project is entirely at our discretion and as per the details mentioned in the section titled "Objects of the Issue".***

Our funding requirements and the deployment of the proceeds of the Issue are based on management estimates and have not been appraised by any bank or financial institution. We may have to revise our management estimates from time to time and consequently our funding requirements may also change. Our estimates for the project may exceed the value that would have been determined by third party appraisals and may require us to reschedule our project expenditure which may have a bearing on our expected revenues and earnings. Further, the deployment of the funds towards the objects of the Issue is entirely at the discretion of our Board of Directors and is not subject to monitoring by external independent agency. However, the deployment of funds is subject to monitoring by our audit committee.

- 2) *No Monitory Agency has been appointed for monitoring the utilisation of Issue proceeds by our Company.***

There is no requirement for a monitoring agency in terms of the SEBI Regulations. However, the Audit Committee of the Board would monitor the deployment of the issue proceeds. In terms of clause 49 of the listing agreement to be entered with the Exchanges where our shares are proposed to be listed, the Audit Committee shall deliberate on the uses/applications of funds by major category, on a quarterly basis as a part of their quarterly declaration of financial results. Further, on an annual basis the Company shall prepare a statement of funds utilized for purposes other than those stated in the Prospectus, if any, and place the same before the Audit Committee. Such disclosures shall be made only till such time that the money raised through the issue has been fully spent. This statement shall be certified by the statutory auditors of the company. The Audit Committee shall make appropriate recommendations to the Board in such matters.

- 3) *We have not yet placed orders for 4 Machineries aggregating Rs. 127.46 lacs, out of 6 Machineries aggregating Rs.259.28 Lacs required by us. Any delay in placing the orders/ or supply of Machineries may result in time and cost overruns, and may affect our profitability.***

We have not yet placed orders for 4 Machineries aggregating Rs. 127.46 Lacs required by us which constitutes 49.16% of the total Machineries equipments required. We have placed order for 2

Machineries aggregating Rs. 131.82 Lacs and constitute 50.84% of the total Machineries required and have paid Rs. 26.49 Lacs as Customs duty and Rs. 8.01 Lacs as Freight & Commercial Tax will be paid out of the Internal Accrual for the said order. We are subject to risks on account of inflation in the price of Machineries. Our Company has received quotations for these Machineries, and negotiations with the vendors have commenced. Since the funding for the Machineries is from the IPO proceeds, any delay in access to IPO proceeds would eventually delay the process of placing the orders for the remaining Machineries.

9) *Our ability to pay dividends will depend upon further earnings, financial condition, cash flows, working capital requirements, capital expenditures, lender's approvals and other factors.*

Till date our Company has not paid any dividends. The amount of our future dividend payments, if any, will depend upon our future earnings, financial condition, cash flows, working capital requirements, capital expenditures, lender's approvals and other factors. There can be no assurance that we shall have distributable funds or that we will declare dividends in the future. Additionally, the terms of any financing we obtain in the future, may contain restrictive covenants which may also affect some of the rights of our shareholders, including the payment of the dividend.

10) *Our Success depends largely upon the services of our Promoters, Executive Directors and other key managerial personnel and our ability to retain them. Our inability to attract and retain key managerial personnel may adversely affect the operations of our Company.*

Our Company and our Promoters have over the years built relations with suppliers, clients and other persons who are connected with our business. Further, our key managerial personal also possess the requisite domain knowledge to provide efficient services to our clients. Accordingly, our Company's performance is dependent upon the services of our Promoters, our Executive Directors and other key managerial personnel. Our future performance will therefore depend upon the continued services of these persons. It is possible that we may lose our skilled and trained staff to our competitors and high attrition rates in particular, could result in a loss of domain and process knowledge.

11) *Delay or defaults in clients payments could result in a reduction of our Profits*

Our Company may be subject to working capital shortages due to delays or defaults in payment by clients. If clients default in their payments to which we have devoted significant resources it could have a material adverse effect on our business, financial condition and results of operations and could cause the price of our Equity Shares to decline.

Our Company has entered into certain Related Party Transactions with the promoters, directors, promoter group, and group concerns/entities: *For details please refer to Chapter titled "Auditors Report and Financial Information of Our Company" beginning on page 128 of the Draft Red Herring Prospectus.*

There can be no assurance that such transactions, individually or in the aggregate, will not have an adverse effect on our financial condition and results of our operations.

- 13) *Our Company may face risks arising from any disproportionate increase in labour costs including in relation to increased wage/salary demands, labour unrest, or claims arising from accidents. Though in the past, we have not experienced any labour/manpower unrest in our organisation due to the factors mentioned above, we cannot assure you that such unrest will not occur in the future, as a result of which our business operations and financial performance may be adversely impacted.***

As on 31st August 2010, our Company has manpower strength of 86 employees. Our employee strength may increase with increase in our operations. At present, our Company's workmen are not represented by any labour unions. Though in the past, we have not experienced any labour/manpower unrest in our organization there is no assurance that we will not experience future disruptions to its business operations due to problems with its workforce. In FY 2010, the staff cost has substantially increased out of our Company's total cost of operations. In the event the cost of labour continues to increase, we may be unable to pass on the additional increase to our customers due to market conditions and pricing pressure from our competitors. This would result in our Company being required to absorb the additional increase in cost, which may have a material adverse effect on our profitability. Any upward revision of the prescribed minimum wage or other benefits required to be paid to our workers (including in the event of injuries or death sustained in course of employment, dismissal or retrenchment), or unavailability of the required number of labour in future, may adversely affect the revenues and operations of our Company.

Any demand from lenders for repayment of such unsecured loans, the cash outgo, may adversely affect our business operations and operations of our Group Companies. Further it may also adversely impact the financial position of our group.

19) *Raw Materials including wood, coating chemicals, and hardware which constitutes the largest component of our material costs, is sourced from external suppliers based on our assessments of periodic requirements.*

Our Company is dependent largely on external suppliers for the timely supply of raw materials. We procure our raw material from manufacturers and authorized distributors appointed by the manufacturers based on our requirement. We analyze the production requirement on a monthly basis; based on which we place orders to our suppliers. Wood procurement constitutes a significant part of our cost and total lead time. Any substantial delay in supply or non conformance to quality requirements by our suppliers can impact our ability to meet our customer requirements and thus impact our profitability. Further, if we fail to correctly analyze our product requirement or non-availability of required raw materials or any other item of production in desired quantity and quality at the right time may adversely affect our sales commitment and profitability.

20) *Our Company does not have any long- term contracts with our general and major customers which may adversely affect our results of operations.*

Our Company neither has any long-term contract with any of dealers/retailers/distributors nor any marketing tie up for our products with any of retail chain operators etc. Any change in the buying pattern of our end users or disassociation of major customers can adversely affect the business of our Company. Our inability to sell our existing products as well as products to be produced after our proposed expansion, may adversely affect our business and profitability in future.

21) *Our inability to maintain distribution network can adversely affect our Revenues.*

We sell our products with the help of our network of exclusive stores. The network of our exclusive stores sells our products to end users. Our inability to maintain our existing distribution network or to expand it further as per the requirement of our proposed increased capacities, can adversely affect our Revenues. In case, if we are not able to market our manufactured products, it may affect our operations and profitability adversely.

22) *Our Company faces stiff competition in our business from organized and unorganized players, which may adversely affect our business operation and financial condition.*

Most of the end-users are price conscious. Pricing is one of the factors that play an important role in selection of these products. The market for our products is highly competitive on account of both the organized and unorganized players. Some of our competitors may have longer industry experience and greater financial, technical and other resources, which may enable them to react faster in changing market scenario and remain competitive. Growing competition may result in a decline in our market share and may affect our margins.

23) *Our business requires high working capital. In case there are insufficient cash flows to meet our requirement or our inability to arrange the same from other sources, there may be an adverse impact on the results of our operations.*

Our business demands substantial fund and non-fund based working capital facilities. In case there is insufficient cash flows to meet our working capital requirement or our inability to arrange the same from other sources or due to other factors including delay in disbursement of arranged funds, resulting in our inability to finance our working capital needs when needed or there is any increase in interest rate on our borrowings, it may adversely affect our performance.

24) Our Success is also dependent on the success of our research and development and the failure to develop new and better products from time to time, may adversely affect our business.

Our success also depends on our ability to continue developing new products as well as improving the quality of our existing products. We cannot assure that our research and development department will be successful in developing new and better products as per changing market conditions and/or requirement of our end users, which may adversely affect our business. Further, there can be no assurance that a new product will be commercially successful. If research and development department efforts do not result in a pipeline of products that can be commercially exploited, our results of operations and financial condition may be adversely affected.

25) Our failure to accurately forecast and manage inventory could result in an unexpected shortfall and/or surplus of products, which could harm our business.

We monitor our inventory levels based on our own projections of future demand. Because of the length of time necessary to produce commercial quantities of our products, we must make production decisions well in advance of sales. An inaccurate forecast of demand for any product can result in the unavailability/surplus of products. This unavailability of products in high demand may depress sales volumes and adversely affect customer relationships. Conversely, an inaccurate forecast can also result in an over-supply of products, which may increase costs, negatively impact cash flow, reduce the quality of inventory, erode margins substantially and ultimately create write-offs of inventory. There may be more than one such inaccurate forecasts in one season. Any of the aforesaid circumstances could have a material adverse effect on our business, results of operations and financial condition.

26) The nature of our business is time-bound and any inability on our part to convey our products to our distributors/dealers/end users at the right time, could have a material adverse effect on our business, results of operation and financial condition.

Dealers/retailers; distributors are generally situated close to the geographically dispersed customers, and far from our production facilities. We have to ensure that our products reach the end users exactly when they need them. Therefore, any interruption in our ability to reach our products to the distributors/dealers/end users, due to any reason including those not within our control, could have a material adverse effect on our business, results of operation and financial condition.

27) Decline in prices of our products may reduce our profit margins.

Prices of our products are influenced by several factors, including the inherent strength and productivity of the product, supply of competing product(s) in the market, demand from dealers/retailers, among others. Any adverse changes in terms of sale price, including not being able to revise prices in accordance with cost increases and other relevant factors including those not being in our control, may lead to a material adverse effect on our sales margins, profitability which would have a material adverse effect on our business, results of operations and financial condition.

28) Our reliance to a certain extent on contract labour for the performance of some of our operations may adversely affect our business.

We rely on certain labour contractors who provide us on-site labour for performance of some of our operations. There is a possibility that on an application from the contract labourers, the appropriate court / tribunal may direct that the such contract labourers are required to be regularized or

absorbed, and / or may direct that our Company to pay certain compensation in this regard. In that event, it may result in an increase in our wage cost and consequently, may affect our profitability

29) *We do not have a track record for payment of dividend on Equity Shares.*

We have not declared and hence paid any dividend on our Equity Shares since inception as we had been deliberately pursuing the policy of ploughing back our profits to fund our expansion plans. The future payment of dividends, if any, would be based on the then available distributable profits and the recommendations of our Board of Directors.

30) *Change in interest rates and banking policies.*

The Company is dependent on bank(s) and financial institution(s) for arranging the Company's Working Capital Requirements, Term Loans, etc. Accordingly, any change in the extant banking policies or increase in interest rates may have an adverse impact on the Company's profitability.

31) *Availability of adequate labor, work stoppages and other labor problems could adversely affect our business.*

We require skilled and unskilled labor for successful running of our existing, as well as, future operations. Any shortage of adequate labor and stoppage due to any labor related issues may affect smooth running of our operations.

32) *Our success depends in large part upon our Promoters and senior management team and the loss of members of this team could negatively impact our business.*

We are highly dependent on our Promoters and the senior members of our management team for the management of our daily operations and the planning and execution of our business strategy. If we loose the services of these or other key individuals and are unable to find suitable replacements in a timely manner, our ability to realize our strategic objectives could be impaired.

33) *We rely significantly on our Timbor Business Associates (TBA) Agreements with various Parties all over India, for our business operations.*

We rely significantly on our Timbor Business Associates (TBA) Agreements. These Agreements provides us with the exclusive right to develop and operate to sell our Products through their stores. TBA Agreements may be terminated a result of a breach under the Agreement by us or by the opposite party, or on mutual consent basis. Therefore, Our Company would be unable to continue Business and sell its products to that extent. Moreover if the TBA Agreements are not renewed or if any of the Parties terminates the Agreement for any reason will substantially affect the profit earning capacity of the Company. For details of these Agreements & Parties, see "Business Overview" on page 80.

34) *Registered office of the company is not owned by the company is on lease.*

The Registered Office of our Company situated at A-2, Harikrupa Apartment, Near Naranpura Railway Crossing, Naranpura, Ahmedabad- 380 013, Gujarat is not owned by the Company and is on lease by Mr. Suresh Chandra Maloo (Father) of Mr. Anant Maloo. Hence the Company faces risk for the Registered Office premises if there arises any intricacy between the relations of Father & Son.

A significant change in India's economic liberalization and deregulation policies could disrupt the business and economic conditions in India.

2) *Exchange rate fluctuations may have impact on the performance of the Company*

The Company is exposed to exchange rate fluctuations. Uncertainties in the global financial market may have an adverse impact on the exchange rate between Rupee vis-à-vis other currencies. Illustration of Book Building and Price Discovery Process

(Investors should note that the following is solely for the purpose of illustration and is not specific to this Issue)

The Bidders can bid at any price within the Price Band. For instance, assume a Price Band of Rs. 20/- to Rs. 24/- per Equity Share, Issue size of 3,000 Equity Shares and receipt of five Bids from the Bidders, details of which are shown in the table below. A graphical representation of the consolidated demand and price will be made available at the websites of the BSE (www.bseindia.com) during the Bidding/ Issue Period. The illustrative book as set forth below shows the demand for the Equity Shares of our Company at various prices and is collated from Bids from various investors.

Bid Quantity	Bid Price (Rs.)	Cumulative Quantity	Subscription
500	24	500	16.67%
1,000	23	1,500	50.00%
1,500	22	3,000	100.00%
2,000	21	5,000	166.67%
2,500	20	7,500	250.00%

The price discovery is a function of demand at various prices. The highest price at which our Company is able to issue the desired quantity of Equity Shares is the price at which the book cuts off, i.e., Rs.22 in the above example. The Issuer Company, in consultation with the BRLM, will finalize the Issue Price at or below such cut off price, i.e., at or below Rs.22. All Bids at or above this Issue Price and cut-off Bids are valid Bids and are considered for allocation in the respective category.

Steps to be taken for bidding

- 1) Check eligibility for making a Bid *(For details please refer to the paragraph titled “Who Can Bid” beginning on page 182 under Chapter titled “Issue Procedure” beginning on page 181 of the Draft Red Herring Prospectus)*;
- 2) Ensure that the Bidder has a demat account and the demat account details are correctly mentioned in the Bid cum Application Form including ASBA Form;
- 3) Ensure that the Bid-cum-Application Form including ASBA Forms is duly completed as per instructions given in the Draft Red Herring Prospectus and in the Bid-cum-Application Form including ASBA Forms; and
- 4) Ensure that the Permanent Account Number is mentioned on Bid-cum-Application Form/ASBA Form. Bidders are specifically requested not to mention their General Index Register number instead of the Permanent Account Number as the Bid is liable to be rejected on this ground.

Our Company, in consultation with the BRLMs, reserves the right not to proceed with the Issue after the bidding and if so, the reason thereof shall be given as a public notice within two days of the closure of the Issue. The public notice shall be issued in the same newspapers where the Preissue advertisement had appeared. The Stock Exchanges where the specified securities were proposed to be listed shall also be informed promptly.

* 20% of the Post-Issue Paid-up Equity Share Capital, as determined after the book-building process, would be locked-in for a period of three years from the date of allotment and the balance Pre-Issue Paid-up Equity Share Capital would be locked-in for a period of one year from the date of allotment. The lock-in period shall be reckoned from the date of allotment of Equity Shares in the present Issue. These securities will not be disposed / sold / transferred by the Promoters during the period starting from the date of filing the Draft Red Herring Prospectus with SEBI till the date of commencement of lock in period as stated in the Draft Red Herring Prospectus.

Note: All the Equity Shares which are being locked in for three years are eligible for computation of Promoters' contribution and lock in as per SEBI (ICDR) Regulations, 2009.

12. We confirm that the minimum Promoters' contribution of 20% of the post-Issue Capital, which is subject to lock-in for three years does not consist of :

(a) Equity Shares acquired within three years before the filing of the Draft Red Herring Prospectus with SEBI for consideration other than cash and revaluation of assets or capitalisation of intangible assets or resulting from a bonus issued by utilization of revaluation reserves or unrealized profits of our Company or from bonus issue against Equity Shares which are ineligible for minimum Promoter's contribution.

(b) Securities acquired by our Promoters, during the preceding one year, at a price lower than the price at which Equity Shares are being offered to the public in the Issue.

(c) Private placement made by solicitation of subscription from unrelated persons either directly or through any intermediary.

(d) Equity Shares issued to our Promoters on conversion of partnership firms into limited company.

(e) Promoters' contribution has been brought in to the extent of not less than the specified minimum lot and from persons defined as promoters under SEBI (ICDR) Regulations, 2009.

(f) Equity Shares for which specific written consent has not been obtained from the respective shareholders for inclusion of their subscription in the minimum Promoter's contribution subject to lock-in.

(g) Pledged Equity Shares held by our Promoters.

Details of Shares Locked in for 1 Year:

In terms of regulation 37 of the SEBI (ICDR) Regulations, 2009, in addition to 20% of post-issue shareholding of the Company held by the Promoters for three years, as specified above, the entire pre-issue issued equity share capital of the Company, including the shareholding of persons falling under promoters, and non-promoter category, will be locked in for a period of one year.

The lock-in shall start from the date of allotment in the proposed public issue & the last date of lock-in shall be reckoned as one year from the date of commencement of commercial production or the date of allotment in the public issue whichever is later. The Promoters/promoter group/ other pre-IPO non-promoter shareholder have given their written consent for lock-in for a period of 1 year.

The Promoters have given an undertaking and have agreed not to sell / transfer /pledge /or dispose of in any manner, Equity Shares forming part of the Promoters contribution from the date of filing of this Draft Red Herring Prospectus till the date of commencement of lock-in as per the SEBI Regulations.

13. Our Company, our Promoter, our Directors and the BRLMs to this Issue have not entered into any buy-back, standby or similar arrangements with any person for purchase of our Equity Shares issued by our Company through the Draft Red Herring Prospectus.

Consequently, the actual allotment may go up by a maximum of 10% of the Net Issue to Public, as a result of which, the post-issue paid up capital after the Issue would also increase by the excess amount of allotment so made. In such an event, the Equity Shares held by the Promoter and subject to lock-in shall be suitably increased; so as to ensure that 20% of the Post Issue paid-up capital is locked in.

15. Since the entire money of Rs. [●] per share (Rs. 10 face value + Rs. [●] premium) is being called on application, all the successful applicants will be issued fully paid-up Equity Shares only.

Factors influencing the buying Trends

While upwardly mobile Indians are increasingly buying differently styled foreign furniture, they need to guard against poor stuff. Interior design for homes is no longer the preserve of the rich and wealthy. The concept of good living is catching up with the middle class Indians. They do not mind spending an extra buck in decorating their new homes. This has resulted in a boom in the décor market. Imported and designer seem to be the key words when it comes to buying furniture at home. It's hardly surprising, considering that more and more foreign furniture manufacturers and traders have been finding their way into the country of late.

- While decorating a NEW residence:

Buying Decision is left to a Builder/Architect/Interior Decorator or the owner.

- While RENOVATING a Residence:

Buying Decision is made by an Interior Designer or by the owner.

- While furnishing a commercial complex:

Buying Decision is made by the Builder/Architect/Interior Designer.

The major reason that has propelled the growth of the imported furniture market is the exposure that the Indian people have received thanks to globalization. The media too has played a very vital role in exposing the people to good living.

Exposure coupled with easy availability of funds have made more and more urban middle class couples to look for interior decorators while doing up their houses.

In conclusion, it is important to target:

- Architects
- Builders
- Interior Designers
- Participation in Furniture / Interiors Trade Fairs for good exposure

Tariffs and Import Policy

In recognition of the significance of the continued supply of imported logs to its wood-processing industry and following court-ordered restrictions on domestic logging in 1994-95, the Government of India began liberalizing wood product imports in 1995.

Since then, there has been a gradual decrease in import duties on wood and wood products. For example, until 1995, logs were the only wood product item freely-importable to India with a duty of 15%. Imports of other wood products were only against advanced licenses or special import licenses. Since 1996, import licensing requirements (quantitative restrictions) have been progressively removed on round wood, sawn lumber and several value-added products. By April 2000, there were no quantitative restrictions on any import tariff line in the entire forestry sector, with the sole exception of newsprint.

Today, the situation is that logs are subject to a duty of around 5%, while the ad valorem duty payable on lumber is 20% and the duty on veneer and wood-based panels is 40%. The duties were reduced in February/March 2004 and further cuts are planned, as part of an on-going commitment to WTO. However, market commentators suggest that the duties on lumber and veneer will never be dropped completely and may even rest at around 15% for the long-term.

For furniture the Indian government continues to reduce tariff rates from a peak rate

Notes:-

1. An earning per share is calculated in accordance with Accounting Standard 20 “Earning per Share” issued by the Institute of Chartered Accountants of India. In terms of para 24 of AS -20, the number of equity shares outstanding before the issue of bonus shares is adjusted for the change in number of equity shares issued as bonus shares as if the shares were issued at the beginning of the earliest reported period.
2. During the year ended 31st March, 2010 the company has issued 31,16,736 bonus issue to the shareholders in the ratio of one share for every one share held by them. Since the bonus issue is an issue without consideration, it has been treated as if it had occurred from the beginning of the earliest period and accordingly treated for both purpose of computing EPS and Net Asset Value per share.
3. The above ratios have been calculated based on restated financial statements.
4. The E.P.S. calculated above is not in conformity with Audit Report of respective financial year due to change in the calculation of Weighted Average number of shares as mentioned below:-

Illustration of Book Building and Price Discovery Process

(Investors should note that the following is solely for the purpose of illustration and is not specific to this Issue)

The Bidders can bid at any price within the Price Band. For instance, assume a Price Band of Rs. 20/- to Rs. 24/- per Equity Share, Issue size of 3,000 Equity Shares and receipt of five Bids from the Bidders, details of which are shown in the table below. A graphical representation of the consolidated demand and price will be made available at the websites of the BSE (www.bseindia.com) during the Bidding/ Issue Period. The illustrative book as set forth below shows the demand for the Equity Shares of our Company at various prices and is collated from Bids from various investors.

Bid Quantity	Bid Price (Rs.)	Cumulative Quantity	Subscription
500	24	500	16.67%
1,000	23	1,500	50.00%
1,500	22	3,000	100.00%
2,000	21	5,000	166.67%
2,500	20	7,500	250.00%

The price discovery is a function of demand at various prices. The highest price at which our Company is able to issue the desired quantity of Equity Shares is the price at which the book cuts off, i.e., Rs.22 in the above example. The Issuer Company, in consultation with the BRLM, will finalize the Issue Price at or below such cut off price, i.e., at or below Rs.22. All Bids at or above this Issue Price and cut-off Bids are valid Bids and are considered for allocation in the respective category.

Other Instructions

Joint Bids in the case of Individuals

Bids may be made in single or joint names (not more than three). In the case of joint Bids, all payments will be made out in favour of the Bidder whose name appears first in the Bid-cum- Application Form or Revision Form ('First Bidder'). All communications will be addressed to the First Bidder and will be dispatched to his or her address.

Multiple Bids

A Bidder should submit only one Bid (and not more than one) for the total number of Equity Shares required. Two or more Bids will be deemed to be multiple Bids if the sole or First Bidder is one and the same.

In this regard, the procedures which would be followed by the Registrar to the Issue to detect multiple applications are given below:

i) All applications with the same name and age will be accumulated and taken to a separate process file which would serve as a multiple master.

ii) In this master, a check will be carried out for the same PAN. In cases where the PAN is different, the same will be deleted from this master.

iii) The Registrar will obtain, from the depositories, details of the applicant's address based on the DP ID and Beneficiary Account Number provided in the Bid-cum-Application Form and create an address master.

iv) The addresses of all the applications in the multiple master will be strung from the address master. This involves putting the addresses in a single line after deleting non-alpha and nonnumeric characters i.e. commas, full stops, hash etc. Sometimes, the name, the first line of address and pin code will be converted into a string for each application received and a photo match will be carried out amongst all the applications processed. A print-out of the addresses will be taken to check for common names. The applications with same name and same address will be treated as multiple applications.

v) The applications will be scrutinized for DP ID and Beneficiary Account Numbers. In case applications bear the same DP ID and Beneficiary Account Numbers, these will be treated as multiple applications.

vi) Subsequent to the aforesaid procedures, a print out of the multiple master will be taken and the applications physically verified to tally signatures as also father's/ husband's names. On completion of this, the applications will be identified as multiple applications.

In case of a mutual fund, a separate Bid can be made in respect of each scheme of the mutual fund registered with SEBI and such Bids in respect of more than one scheme of the mutual fund will not be treated as multiple bids provided that the Bids clearly indicate the scheme concerned for which the Bid has been made. The applications made by the asset management companies or custodians of a Mutual Fund shall clearly indicate the name of the concerned scheme for which application is being made.

We reserve the right to reject, in their absolute discretion, all or any multiple Bids in any or all categories.

Permanent Account Number (PAN)

The Bidder or in the case of a Bid in joint names, each of the Bidders, should mention his/her Permanent Account Number (PAN) allotted under the I.T. Act, 1961, irrespective of the amount for which application or bid is made. Applications without this information will be considered incomplete and are liable to be rejected.

It is to be specifically noted that Bidders should not submit the GIR number instead of the PAN as the Bid is liable to be rejected on this ground.

In case the Sole/First Bidder and Joint Bidder(s) is/are not required to obtain PAN, each of the Bidder(s) shall mention 'Not Applicable' and in the event that the sole Bidder and/or the joint Bidder(s) have applied for PAN which has not yet been allotted each of the Bidder(s) should mention 'Applied for' in the Bid cum Application Form. The allotment shall be made in marketable lots, on a proportional basis as explained below:

(a) Bidders will be categorized according to the number of Equity Shares applied for,
(b) The total number of Equity Shares to be allotted to each category as a whole shall be arrived at on a proportionate basis, which is the total number of Equity Shares applied for in that category (number of Bidders in the category multiplied by the number of Equity Shares applied for) multiplied by the inverse of the over-subscription ratio.

(c) Number of Equity Shares to be Allotted to the successful Bidders will be arrived at on a proportionate basis, which is total number of Equity Shares applied for by each Bidder in that category multiplied by the inverse of the over-subscription ratio, in that category subject to a minimum allotment of [●] Equity

Shares. The allotment lot shall be the same as the minimum application lot irrespective of any revisions to the price band.

(d) In all Bids where the proportionate allotment is less than [●] Equity Shares per Bidder, the Allotment shall be made as follows:

- Each successful Bidder shall be allotted a minimum of [●] Equity Shares; and
- The successful Bidders out of the total Bidders for a category shall be determined by draw of lots in a manner such that the total number of Equity Shares allotted in that category is equal to the number of Equity Shares calculated in accordance with (b) above.

(e) If the proportionate Allotment to a Bidder is a number that is more than [●] but is not a multiple of one (which is the marketable lot), the decimal would be rounded off to the higher whole number if that decimal is 0.5 or higher. If the decimal is less than 0.5, it would be rounded off to the lower whole number. All Bidders in such categories would be allotted Equity Shares arrived at after such rounding off.

(f) If the Equity Shares allocated on a proportionate basis to any category are more than the Equity Shares allotted to the Bidders in that category, the remaining Equity Shares available for allotment shall be first adjusted against any other category, where the allotted Equity Shares are not sufficient for proportionate allotment to the successful Bidders in that category. The balance Equity Shares, if any, remaining after such adjustment will be added to the category comprising Bidders applying for minimum number of Equity Shares.

RESTRICTIONS ON FOREIGN OWNERSHIP OF INDIAN SECURITIES

Foreign investment in Indian securities is regulated through the industrial policy of Government of India, or the Industrial Policy and FEMA. While the Industrial Policy prescribes the limits and the conditions subject to which foreign investment can be made in different sectors of the Indian economy, FEMA regulates the precise manner in which such investment may be made. Under the Industrial Policy, unless specifically restricted, foreign investment is freely permitted in all sectors of Indian economy up to any extent and without any prior approvals, but the foreign investor is required to follow certain prescribed procedures for making such investment. The government bodies responsible for granting foreign investment approvals are the Foreign Investment Promotion Board of Government of India (FIPB) and the RBI. As per current foreign investment policies, foreign direct investment in the sector in which our Company operates (Civil Construction) is allowed upto 100% under the automatic route. RBI, *vide* its circular A.P (DIR Series) Circular No. 53 dated December 17, 2003, permitted FIIs to subscribe to shares of an Indian Company in the public issue without prior approval of RBI, so long as the price of Equity Shares to be issued is not less than the price at which the Equity Shares are issued to residents.

Investment by Non-Resident Indians

A variety of special facilities for making investments in India in shares of Indian Companies are available to individuals of Indian nationality or origin residing outside India ("NRIs"). These facilities permit NRIs to make portfolio investments in shares and other securities of Indian companies on a basis not generally available to other foreign investors. Under the portfolio investment scheme, NRIs are permitted to purchase and sell Equity Shares of our Company through a registered broker on the Stock Exchanges. NRIs collectively should not own more than 10% of the post-issue paid up capital of our Company. No single NRI may own more than 5% of the post-issue paid up capital of our Company. Investment by Foreign Institutional Investors

Foreign Institutional Investors ("FIIs") including institutions such as pension funds, investment trusts, asset management companies, nominee companies and incorporated, institutional portfolio managers can invest in all the securities traded on the primary and secondary markets in India. FIIs are required to obtain an initial registration from the SEBI and a general permission from the RBI to engage in transactions regulated under FEMA. FIIs must also comply with the provisions of the SEBI (Foreign Institutional Investors) Regulations, 1995, as amended from time to time. The initial registration and the RBI's general permission together enable the registered FII to buy (subject to the ownership restrictions discussed below) and sell freely securities issued by Indian companies, to realise capital gains or investments made through the initial amount invested in India, to subscribe or renounce rights issues for shares, to appoint a domestic custodian for custody of investments held and to repatriate the capital, capital gains, dividends, income received by way of interest and any compensation received towards sale or renunciation of rights issues of shares.

Ownership restrictions of FIIs
